ISLE Newsletter #3 – Join the 1st Academy Annual Policy Meeting

The ISLE project, Collaborative Learning Communities for Redesigning Primary Education Towards Innovative & Sustainable Learning Environments, is pleased to announce its **1st Academy Annual Policy Meeting**.

The meeting will take place on 6–7 May 2026 in Florence (Firenze), Italy, hosted by INDIRE – Istituto Nazionale di Documentazione, Innovazione e Ricerca Educativa.

The event will bring together education researchers, policymakers, teachers, and stakeholders from across Europe to discuss innovative, inclusive, and sustainable learning environments in primary education.

The programme will feature keynote contributions from international policy experts, presentations of project research findings, and round-table discussions among partner countries and invited stakeholders.

Participants will explore current challenges related to learning environments, equity, and teacher professional development, while identifying opportunities for collaboration and policy innovation.

The meeting will be organised in hybrid format, allowing participants to attend either in person in Florence or online via Zoom.

Educators, researchers, policymakers, and organisations interested in innovative learning environments are invited to follow the event online and engage with the ISLE community.

Participants interested in attending the meeting online are kindly invited to register. Registration details will be announced shortly via the ISLE project communication channels.

Stay connected with the ISLE project to learn more about its activities, research results, and upcoming events.
